First letter is E

First vowel is E

Your Soul Number is FIVE.

A deep inner restlessness and discontent with the status quo makes you seek out adventure, excitement, and the unconventional. You thrive on new ideas, change, travel, experimenting with new ways of doing things. Predictability and routine make you feel lifeless and unhappy so you must find a lifestyle that is varied enough to be mentally stimulating and challenging. Independent, freedom-loving, and easily bored, you have trouble making

commitments and finishing projects. You often "move on" prematurely, whether in a personal relationship or in your work. You need to develop discipline and perseverance when you have an important goal.

You have many talents and need many outlets and avenues for their expression, but try to finish one thing before attempting the next.

You also learn quickly and enjoy "turning on" others to new horizons and discoveries. Getting people out of their mental ruts and sparking their minds may be what you do best.

Your Personality Number is FOUR.

You appear to be a conscientious, hard-working and practical sort of person, with little interest in the frills of life. Capable, disciplined, well-organized, and interested in concrete results, you seem more concerned with work than with people or outside amusements. Your tastes are simple and you enjoy the quiet pleasures: the satisfaction of work well done, home and family, and nature.

You appear cautious, conservative, frugal, and rather "square". There is a no-nonsense directness about you that inspires trust in others. You give the impression of solidity, strength of character, dependability and honesty.

You choose clothing for its utilitarian function and durability. Good sports clothes or clean tailored styles appeal to you most, and you never overdress or wear dramatic styles or colors. You may have little interest in your personal appearance or in fashion trends. Try not to take life and yourself too seriously, develop a sense of fun and playfulness, and be looser and more spontaneous once in awhile.

Your Destiny Number is NINE.

Your concerns are broad, your sympathy is all-embracing, and your path lies in LIVING your ideals of universal brotherhood through compassionate service.

Tender-hearted and generous, you are easily swayed by emotion and by people in need. You need to learn discrimination, who you can really help and who will only drain you. Your interests are so wide, it may be difficult for you to focus and concentrate your attention on developing a single one. Try to discover where your talents lie (as shown by the other numbers in your name and birth date) and develop them as fully as you can, for the benefit of all.

Working as a counselor, teacher, minister, in public or civic work, or in any area that involves making bridges between people and bringing them together would be appropriate for you. Music or the arts also suits you.

Much of the work you do will be subtle, inner, and spiritual: encouraging people to love, accept, and forgive themselves, bringing hope and being an ambassador of good will wherever you go.

Your Career Number is NINE.

You are suited for activities which benefit people in need or which bring people with diverse backgrounds and perspectives together: philanthropic or altruistic work, selfless service, social welfare, the arts.

Careers and Vocations: Ministry, public service, doctor, nurse, or other helping professional, veterinarian, educator, artist, musician, counselor, foreign service, ambassador, any work involving long-range communications, publishing, broadcasting.

Your Missing Number(s) are:

TWO: You are frequently inconsiderate of others and lack the ability to truly cooperate, compromise, and appreciate the other person's point of view. You need to develop a sensitive awareness of others' needs and concerns. You give only what you want to give and relate only on your own terms. Try to be more flexible.

EIGHT: You lack business sense and may have little interest or ambition for material achievements and success. You can be very impractical and naive about finances, investments, legal procedures, and the ways of the world, thereby making foolish decisions. Try to develop an interest and an education in these matters to prevent regrettable and costly mistakes of judgment in your finances. You need to learn to manage time and resources more efficiently.

You disdain commercialism and don't understand its value. Therefore you are unlikely to be able to sell either products or ideas to others, which in turn may prevent you from sharing your creative efforts with a wide audience.

Your First Vowel is E.

Your instinctive response to any situation is CURIOSITY. You want to look at it, learn about it, experience it. You ask a lot of questions. You study and educate yourself before plunging in to any situation. You need intellectual freedom and have an eager, enquiring mind. You have keen senses and are clear, perceptive, and interested in the world around you. An avid student or reader, you cannot keep your thoughts, insights, and ideas to yourself. You feel impelled to share them. The facile use of words, whether written or spoken, is something that comes easily to you. You thrive on conversation and a constant flow of interchange with your companions. You are friendly and open to new people and new ideas - but want all the facts before you commit yourself to anything.

Your First Initial is E.

You are an effective communicator and the masterful use of words, whether written or spoken, is one of your gifts. You may have a powerful voice, literally, or be a teacher, writer, spokesperson, or someone who interfaces with the public. Because you voice your opinions so clearly and positively, you can be very persuasive. Getting ideas across, facilitating communication, promoting discussion, making connections between people: this is where you excel.

You grasp new concepts quickly and are able to size up a situation and respond to it rapidly. You love ideas and have an inquisitive mind. Education is an ongoing adventure for you, and you seek new experiences, travel, and a mentally stimulating, challenging environment.

If your first initial is the long "E" sound, as in Eva or Ethan, you are outgoing and very expressive. The short "E" sound, as in Eric or Emily, is less extroverted, but still active mentally and needs much interchange with others.
